Testimony of the Phop, of Obstatines in Press, Colmos, Philadelphia.—Dir. HUNTER'S MEDICAL MANUAL.—The author of this work unlike the majority of those
works who advertise to cure the diseases of which it treats,
a a graduate of one of the best Colleges in the United
States. It affords me pleasure to recommend him to the
unfortunate, or to the victim of malpractice, as a successful
and experienced practitioner, in whose honor and integrity

JOSEPH LONGSHORE, M. D.

FROM A. WOODWAID, M. D., or PENN. UNIVERSITY, PRILADELPHIA.—It gives me pleasure to add my testimony to
the professional ability of the Author of the "Medical Manuni. Numerous cases of Diseases of the Genital Organs, ome of them of long slanding, have come under my notice, in which his skill has been manifest in restoring to per-cet health, in some instances where the putient has been considered beyond medical aid. In the treatment of Semiral We skiness, or disarrangement of the functions, produced y self abuse or excess of venery, I do not know his supe-for in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice o him, as well as a kindoess to the unfortunate victim of early indiscretion, to recommend him as one, in whose pro-essional skill and integrity, they may safely confide them-elves. "No teacher or parent should be without the knowledge mparted in this invaluable work. It would save years of

on and serrow to the youth under the charge."—People's Advocate.

A Presbyterian elergyman in Ohio, in writing of "Hunter's Medical Manual," says.—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution without realizog the sin and fearful consequences upon themselves and posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the esuse or the cure. Anything that can be done so to enlighten and influence the public tuind as to check, and ultimately to remove this wide spread source of human wretabedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance (or the use of intoxi-esting drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race. Accept
my thanks on behalf of the afflicted, and, your co-worker in
the good work you are so actively engaged in."

DN. MORSE'S INVIGORATING ELIXIR OR CORDIAL. DR. MORSE'S INVIGORATING ELIXIR OR CORDIAL.

For centuries, Mulical science has been raisalating the vegetable and mineral attaglicins, in search of something that should restore the lost or decaying energies of the nervous and muscular systems, without the drawback of subsequent prostration, whice all stimulants, tonies, and narcotice find herstofare qualited. That something has been found. It is a vegetable production, brought from the storile deserts of Arab a the Stony, by the celebrated Profusion M. Morse, well known as a distinguished member of the leading scientific societies of the Oid World, and equally distinguished as a physician, a chemist, and a travelet. The juless of this hort, concentrated and combined with other vegetable medicinal extracts, are now producing results heretofore unheard of, in this or any other country. At first the properties attributed to Prof. MORSE'S INVIGORATING ELIXIR OR CORDIAL were deemed fabulous. The public often deceived could not believe the simple and subtime truths announced by the discoverer. But faces, undenhable facts attested by witnesses of the highest class and character, are now inapplied over the deceived could not be believed the states and character, are now inapplied over all doubts. JEW DAVID'S HEBREW PLASTER, THE great Remedy for Rheumatism, Gout, pain in the Side Hip, Back, Limbs and Joints, Scrofula, King's Evil White Swellings, Hard Tumors, Stiff Joints, and all fixed pains whatever. Where this Plaster is applied Pain cannot

A gentleman in the South of Europe and Palestine, in 1830, heard so much said in the latter place in favor of JEW DAVID'S PLASTER, and of the (as he considered) miraculous cures it had performed, that he was induced to try it on his own person, for a Long and Liver Affection, the removal of which had been the chief object of his jour-ney, but which had resisted the genial and delicious elime. He accordingly applied a plaster on the right side of his chest where the pain was seated, another between the shoulders, and one over the region of the liver. In the mean time he drank freely of an herb tea of laxative qual-ities. He soon found his health improving, and in a few weeks his cough left him; the sallowness at his skin disap-peared, his puin was removed, and his health became pernapently reinstated.

The following is from Mr. Worstell, editor of the Maxsillion Gazette:

"GENTLEMEN.—During last winter and spring, I was so troubled with a pain in my breast as to render me unfit for the duties of my office; and hearing your JEW DA-VID'S or HEBREW PLASTER highly recommended for similar cases, I was induced to give it a frial. I had worn a plaster upon my breast but a short time, when all pain the most part of the pain with the second of the pain with the pain with the pain. left me, and I was enabled again to engage in the labors of the office. I would also state, that my sister, residing in Steubenville in this State, has received much becefit from Is use. Yours, truly,
JOHN P WORSTELL."
